Facing Fiduciary Reality

These two main needs:

- 1. are not met**
- 2. will NEVER be met**

**by the current
healthcare system**

The Reason

**Nobody is
producing health**

The Reality

**Medical practice
treats pathology:**

- symptoms
- illness
- disease

It does NOT produce health

The Reality

**Human Resources
manages illness costs**

It does NOT produce health

The Reality

**Health Insurance
only pays medical services**

It neither guarantees nor “insures” health

It does NOT produce health

THE Opportunity

A single PREVENTABLE chain reaction of stress damage causes:

- **60% - 90% of doctor visits**

Harvard Business Review, 72(6)12

- **50% of absenteeism**

NIOSH, European Agency for Safety & Health, study of USA workers

- **50% of lost time costs**

The Physiology

STRESS DAMAGE

High Cost Chain Reaction

- **cardiovascular stress path** – high blood pressure, plaque formation, heart attacks, strokes
- **metabolic stress path** – insulin resistance, diabetes, obesity
- **immune stress path** – infections, flu, auto-immune problems, type 1 diabetes, cancers
- **psychological stress path** – depression, anxiety, distraction, insomnia

Today's Essential Health & Productivity Tools

- ✓ stop stress damage
- ✓ increase productivity
- ✓ reclaim lost time costs
- ✓ produce healthier people

STRESS FACTS

DID YOU KNOW:

60% - 90% of all primary care doctor visits are stress-related
Harvard Business Review

50% of absenteeism is stress-related

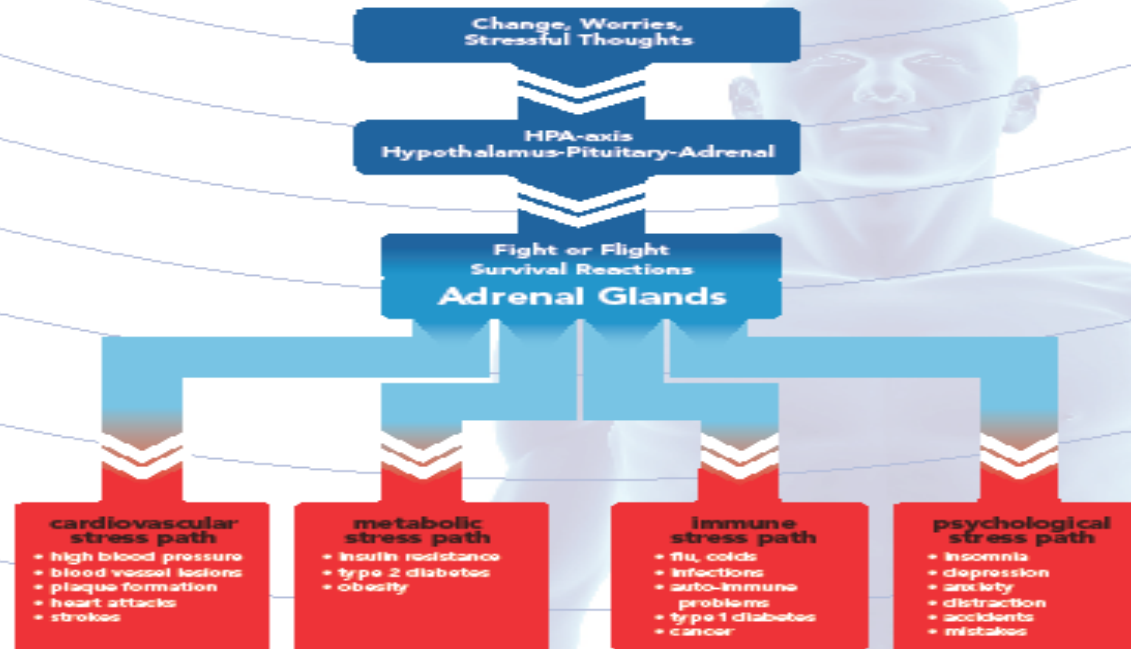

European Agency for Safety & Health (USA workers)

HOW?

Stressful thoughts trigger hundreds of stress damage chain reactions daily, progressively causing symptoms, illness and disease along four major stress pathways. Stress damage is now preventable. Significant health gains, productivity increases and financial savings result.

Stress Damage Chain Reactions

Primary source of most illness & lost time costs

STOP THE CHAIN REACTION - USE THE REFRESH BUTTON

The Danger

STRESS DAMAGE & COSTS

Worsen exponentially from:

1. symptoms \$\$\$

2. illness \$\$\$\$\$\$\$

3. disease \$\$\$\$\$\$\$\$\$\$\$\$\$\$\$\$\$

The Urgency

Stress Damage is Unpredictable

Nobody knows which tiny stress reaction of:

- 1. Higher blood pressure = strokes, heart disease**
- 2. Adrenal secretion = diabetes and obesity**
- 3. Distraction or overwhelm = accidents or mistakes**
- 4. Nervousness = insomnia, panic attacks, anxiety**
- 5. Immune suppression = cold, flu, infection, cancer**
- 6. Immune activation = allergies, auto-immune, juvenile diabetes**

The Facts

- *Stress is here to stay*
- *Stress is worse than ever*

STRESS DAMAGE

**is the single biggest cost to
your health and productivity**

The Goal

- **Stop the chain reaction fast**
- **Eliminate stress damage**
- **Prevent illness & costs**
- **Achieve real savings**
- **Enjoy productivity gains**
